How to Use This Book

Break out your crayons or colored pencils.

Turn off your phone, tablet, computer, whatever.

Find your favorite page in the book. That is the beginning.

Start coloring.

If you notice at any point that you are forgetting your worries, daydreaming freely or feeling more creative, curious, excitable, delighted, relaxed or any combination thereof, take a deep breath and enjoy it. Remind yourself that coloring, like dancing or falling in love, does not have a point. It is the point.

When you don't feel like it anymore, stop.

About the Artist

Suzy Joyner found her passion for drawing the natural world as a child growing up on Long Island. She filled her notebooks with illustrations of the many little lives that populated her backyard - snails, bees, worms, flowers, plants and many other garden denizens.

Now residing and creating in Denver, she has channeled her love of illustration and the majestic natural scenery of Colorado into two coloring books: *Soul of the Woodland* and *Spirit of Halloween*. She is currently working on a new coloring book for Blue Star.
